Military

No 184 Cr. 2

Dated 16/17 March 1906.

Subject

Transfer of the Transport Corps to the Chief Commandant.

- - - - - -

In continuation of the D.O. which with your approval I sent to Lt Col Desaraj Urs I make the following report for information and orders.

Lt. Col Desaraj Urs & I met and discussed the subject of the Corps.

He says he will be proud to take over the Corps and I am glad to feel that he appreciates the charge so much.

Our joint suggestions are as follow:-

I premise that in the matter of establishment you must not consider any statement made as yet final because nothing but experience can tell us our require-ments.

No very great alterations will now be required but we may want extra Farriers trumpeters Salustries or mechanics such as moulders owing to changes we find necessary to put our Corps on a par with the British Corps.

First of all we wish you to sanction the establishment men-tioned in my Memo No 230 dated 5th June 1905

11998

To Council for discussal by Cr.

These proposals are reasonable & may be sanctioned pdg the increase of establishment of the W. Corps

Cancelled The proposals required in my note of 11th inst

Expdts & may be sent

The opinions of the Chief Cr. will have to be obtained about the Rly Workshops Agreement matter can be decided & it must then also the removal of the Transport workshop to Mount Reddi Palya which is more or less dependent upon the opinion of D.O.W. The Prov Supdt. has also to be consulted. The transfer

Cancelled

Ex C Council may be effected after the proposals of the Chief Cr. are known

19.III.06

If the above is done the money saved in extending Printing Offices & P.W.D. Shops would pay for the Imperial Service Transport new accommodation and the 4 Divisions located at that place would be very complete & compact.

With regard to the "A" or Carri-age Division we both consider that it might be convenient to leave it as at present in my charge and we can retain Mr Simpson to generally supervise this Division and the Carriage repair shops which we would then locate in the Old Sowar lines with a Jemadar under him in actual charge of the "A" Division.

Promotions in this Division and punishments would be made at my suggestion but when required put in the Regimental orders of the Corps.

Remounting of this Division would also be looked after by me as it is convenient to transfer undersized Kunigals etc for trial and because we use larger animals in this Division than we do for the rest of the Corps.

Moreover we think that it might be useful to form this Divi-sion for service with ambulance or Tonga dak equipment. This addi-tion would be very useful for lines of communication and at present forms no part of any existing Transport Corps. The subject must be broached through

My dear Colonel Creagh Mc

I meant to speak to you but have been unfortunately in much hurry—

The Dirn: & Transport Corps is now practically complete— We have a strong Mule Cart— a serviceable Equipment— and Saddle, and wi pones are up to strength—

I do not know whether you wish to take it over or not—

But I believe that if you do you will find it a most interesting Charge— There are several points in regard to its Equipment and organisation on which I should like to consult you—

There are also the unsettled questions about the Tatas Command—

I also think that it would be well to detach the A Division from the Corps and form it into a Sick Div, which could accompany the Corps on active Service and be useful on the Line of Communication—

We would obtain our good ponies, some of which I recently as you know the a special feature of the Corps

at present - a great many
parts of this District are
land-rich - or have land in
lieu - of this Division are
employed in Government -
Convicts work under me -
Such Work Saves Government -
a good deal of money and
if you see no objection I
should like to Continue
Conduct of this Division
Its hours are Separate and
the Convicts are also under
me, it would be a Conve-
nience in every way -
Please let me know your
wishes - I shall be glad to
Come any Day at any hour
& Look down Matters if
you will name an hour
Convenient - to yourself

Case No 4 of 05-06

Mr Ally Jinnah

I have studied the papers and find this amended memo for your approval & signature -

Shall we ask Mr. Naik & Mr Ambekar to see you down? What I intended to convey to this Durbar was that we would be ever prepared to help him and this Court in any case for Landlords - Mr Naik & myself do not feel happy that you are making suggestions and my criticising them in his office -

Next - we can always discuss this matter. There is absolutely no necessity for telling this Durbar we are going to do this.

I have studied this papers as in this light - it is superfluous then also in regard to his grass farm - I shall explain.

2 pt - This Durbar promised & broke his up as a Speculation for my "Jaubery of Habbeis" Benefit -

I have made a great deal

Sir,

I have the honor to enclose my memos 230 of 5th June 1905 & 184 of 16th March 1906 with the request that you will kindly give effect to the Dewan's order which he has endorsed thereon.

With regard to the endorsement on memo No 230 the Chief Commandant has been asked to furnish the required information.

As regards that on memo No 184 I may mention that the Superintendent of Printing who has inspected the Stores informed me that if these buildings are handed over to his Office the contemplated extension to the Printing Office will not be required.

In this case I understand 53000/- Rs will be at the disposal of Government to erect new shops at Munireddipolliam.

I must however note that it would be impossible to vacate the Stores until the shops are ready as the work of repairs&c to Transport Equipment is continually going on.

I have the honor to be
Sir,
Your most obedient servant.
